

How To Create a Pemcor Compatible PDF From Indesign CS3

1. Export PDF

From the File menu choose Export

2. Choose Format

Set Format list box to Adobe PDF.

Name the PDF file and choose destination folder.

Click Save

3. Choose Pemcor PDF Preset

Set the Adobe PDF Preset list box to PEMCOR PDF

- You will need to install the Pemcor Acrobat distiller setting for the PEMCOR PDF preset to be available.
- See the PEMCOR Acrobat Distiller Setting installer instructions.

Set the Page Range to the desired pages.

All other boxes should be unchecked and list menus kept at the default settings as supplied in the PEMCOR Acrobat Distiller Setting file.

Click Export
