

Installing The Pemcor Compatible Adobe Acrobat Distiller Settings

1. Download the PEMCOR PPD File

Using your internet browser (Windows PC) or FTP Software (MACINTOSH COMPUTER) go to ftp.pemcor.com

Log Into the **PEMCOR FTP Server**:

User Name: guest1

Password: IAmgueMAN!1!

Navigate to the folder named:
PEMCOR_PREPRESS

Download the file named:
PEMCOR PDF.joboptions

2. Add Pemcor PDF Settings

Under the **Settings** menu, choose:
Add Adobe PDF Settings

Navigate to the file named:
PEMCOR PDF.joboptions

Click **Open**

3. Pemcor PDF Settings Available

PEMCOR PDF will now be your **Default Setting** for distilling postscript files and will be available to other applications such as Quark Xpress and Adobe Indesign to create **Pemcor Compatible PDF** files.
